

STRIKING MINERS ACCEPT THE TERMS AND WILL RETURN TO WORK THURSDAY.

The Glad News is Received by Thousands of Miners With Exclamations of Utmost Satisfaction.

The Commission Will Report in a Month

When it is Expected That Some Lasting Terms Will Have Been Found Which Will be Acceptable Both to the Strikers and the Coal Barons. Entire Country is Happy Because Work Will be Resumed and the Price of Coal Reduced.

Wilkes Barre, Oct. 21.—The miners, after a short debate, adopted resolutions which closed the strike at 12 o'clock today. The men will go back to work Thursday. When Mitchell put the question, there was not a dissenting vote.

Some Will Return to Work Tomorrow.

Wilkes Barre, Oct. 21.—In order to have the mines ready for working Thursday, the pump men, firemen and engineers will go to work tomorrow.

Glad News is Received With Mad Joy.

Mahanoy City, Pa., Oct. 21.—Throughout the lower anthracite region a mad delirium of joy is shown over the announcement from Wilkes Barre: "The strike is settled. Return to work immediately." The news reached here a few minutes after noon and could scarcely be tacked to the bulletins, so great was the pressure and enthusiasm of the crowds. Steam whistles heralded the glad tidings over the town, shrieking in one continuous strain to the accompaniment of clanging bells. Bands are playing, banners are flying and everywhere enthusiastic moods size the people.

Commission To Report In One Month.

Wilkesbarre, Oct. 21.—Mitchell stated after the passing of the arbitration resolution, that Roosevelt had told him the arbitration commission would meet as soon as the miners return to work. Mitchell believes the commission will report in one month.

Mitchell Was Quite Confident.

Wilkesbarre, Oct. 21.—President Mitchell went into the convention this morning confident that his resolution supporting arbitration of the coal strike would carry by a large majority.

THE NEW PRESIDENT OF NORTHWESTERN.

Dr. Edmund James was Installed Today With Solemn Ceremony.

Chicago, Ill., Oct. 21.—Evanston was a scene of royal purple the university today marking the installation of a new president of Northwestern University, Dr. Edmund James. James, formerly of the University of Michigan, was the inaugural address of President James there were congratulatory addresses by Rev. DeWitt Hyde of Bowdoin college, President Benjamin Ide Wheeler of the University of California, President Augustus of the University of Michigan, President Cyrus Northrop of the University of Minnesota, Dean LeBaron Briggs of Harvard University, President Ira Remsen of John Hopkins University, President James Raymond of Connecticut Wesleyan University, and a number of other educators of national reputation. The new president of Northwestern University is 47 years old. In 1877 he received the degrees of A. M. and D. D. at the University of Halle. He is later called to the University of

Pennsylvania as professor of public administration remaining there thirteen years. He was director and organizer of the Wharton school of Finance and Economy the first institution in this country to establish a college course in the field of commerce. He was also editor of the political economy and law series is said by the University of Pennsylvania. On the subject of municipal government Dr. James is regarded the leading authority in the United States. His latest writing on this subject is an elaborate treatise on the "City Charters of Chicago from 1831 to 1900." He was the founder and has been vice president from the beginning of the National Municipal League. Dr. James comes from a long line of Methodist ancestry. His father was a member of the Methodist conference of Illinois for forty five years, and his grandfather was also a Methodist clergyman.

NERVY NEGROES

Commit Robbery in True Chicago Style.

Chicago, Oct. 21.—Two colored men this morning entered the office of the Nicolette hotel, corner Randolph street and Fifth avenue, in the

heart of the city, bound and gagged the porter, robbed him of \$6 and breaking open the cash register took the contents and escaped. The porter was found a short time later in the attache of the hotel and released.

Live Stock Market.

East Liberty, Oct. 21.—Cattle light, steady, hogs slow, at 10 cents lower, sheep fair, slow.

PRICE

Explains the Full Meaning of His New Bill

Introduced to Aid in the Handling of Coal.

The Officials of the Ohio Mine Workers Have Been Hustling

To Increase the Membership in That Order.—Narrow Escape of Habitués of the State House.

Columbus, O., Oct. 21.—(Special)—When Representative Price of Athens county had his attention called to the action of the railroad men in reference to house bill No. 37 of which he is the author, he said the railroad men as he views it do not understand the law of the case. Continuing he said "The power of eminent domain cannot be given to private corporations and therefore if a mining company with powers indicated in the bill can exercise the power of eminent domain, such mining companies cease to be private corporations and become quasi-public corporations and would, if they operated a railroad, be subject to the laws now governing the

SECRETARY SHAW DOES SOME BUYING.

Seventeen Millions in Bonds Will be the Total Transferred.

Washington, Oct. 21.—Under the recent bond purchase authorized by Secretary Shaw, the treasury department will have bought before the end of the week seventeen million dollars of four per cent bonds. Of these, \$15,679,000 are furnished by a New York syndicate, the remainder coming from individual bidders. All will be purchased at last Saturday's price. The delay in consuming the purchase merely was their delivery from distant points.

MARK TWAIN WANTS A SUPPLY OF FUEL

And Forthwith Applies to the Government for Assistance.

Washington, Oct. 21.—The treasury department received a letter from Mark Twain this morning that as the prices for ordinary winter fuel were so high, he would like them to send for spot cash, 45 tons of their best old dry government bonds suitable for

furnace 12 tons of early greenbacks range size, and eight barrels of 35 and 50 cent postal currency eligible for kindlings. He asks that they be delivered at convenient dispatch at the lowest rates to his home at Riverdale.

TO SAVE AMERICANS STARVING IN CUBA.

Means Will be Provided for Their Return to This Country.

HAVANNA, OCT. 21.—THE DISTRESSED CONDITION OF MANY AMERICANS IN CUBA HAS CAUSED THE UNITED STATES MINISTER SQUIRES TO CALL A MEETING TOMORROW OF ALL THE AMERICANS IN HAVANNA, TO

PROVIDE WAYS AND MEANS FOR THE TRANSPORTATION TO THE UNITED STATES OF THE SUFFERERS. A NUMBER OF CASES OF AMERICANS STARVING TO DEATH HAVE BEEN RECORDED DURING THE SUMMER.

crossing of one railroad by another and in other matters as railroads are. This would kill the purpose of the bill.

The only way that this question can be met of making railroad companies furnish equal and like facilities to producers of coal is to require the railroad to make switch connections when the producer has placed himself in a position so far as his switch is concerned to be connected up with the railroad. Every one fully appreciates the importance of railroads being compelled to serve the public and to serve each individual of the general public without discrimination.

The railroads of this state are practically operating and controlling the production of coal as well as its shipment. Many of them have refused to give facilities to independent operators for the shipment of their coal while the operators of the mines owned by the railroads have facilities furnished them. The bill proposed can be so amended that it will be beneficial to the public and not harmful to the safe management and operation of a railroad.

"The power can be given to the railroad commissioner to determine a suitable place for switch connections to be made in the event that the railroad company and independent operator cannot agree as to the place. This is a like provision to the law of one railroad crossing another. Any one cannot object to this bill when amended, unless he places himself in favor of arbitrary monopoly and in favor of railroads enjoying the right of eminent domain and at the same time having the privilege or option of discriminating against the general public as they please.

Hustling to Increase Membership. The chief officials of the Ohio Mine Workers have returned after holding a series of meetings in various parts of the state. This week the officers will hold a number of mass meetings in Guernsey county. The principal purpose of these meetings is to increase the membership.

As a result of the settlement of the anthracite coal strike, the miners of Ohio will soon be relieved of paying the present assessments to the national organization. The members are now paying two assessments, one

calls for ten cents a month for each member and the other ten cents on each dollar earned. The miners have paid the money willingly, and in fact have expressed a willingness to pay 50 cents on the dollar rather than have the anthracite strike lost for want of funds.

The national executive board will decide in the near future upon a date when one of the above assessments will cease, and it would not surprise mine workers if the board decided on November 1st as the date. Looking After Interest of the Blind. Superintendent Mead, of the Institute for blind, has sent out letters to all the members of the general assembly asking them to report to him all young blind people in their districts in order that they may be interested in the institution.

There are 375 pupils in the institution and it is estimated that there are 1,500 in the state who ought to secure the advantages there offered. Blind persons of school age are instructed with board and tuition free and blind persons over 21 are allowed to remain in the institution one year in order to learn a trade.

For the Benefit of the Ohio Canal. Hon. Allen W. Thurman, L. D. Hamilton and Charles E. Perkins, the commission created to inspect the canal and report what disposition should be made of them, will set sail from this city this morning in the state repair boat for a tour of inspection of the Ohio canal from this city to Waverly. They expect to make Circleville the first day, Chillicothe the second and Waverly the third. Later on the commissioners will inspect the canal from Lockbourne north to Coshocton. There is not water enough in this portion of the canal to float a boat and the members of the commission will have to "hike" it over the course.

Might Have Killed a Lawmaker. A fragment of solid rock weighing about 75 pounds, a portion of the bracket that upholds the balustrade over the High street, cracked off and fell to the floor 25 feet below, yesterday. The huge stone struck directly in front of the door leading to the state canal commissioners' office, and had any one been in its path they would have been crushed to death.

TERRIBLE FATE OF TROOPS IS FEARED.

Recently Suffered Severe Reverses at Hands of Mad Mullah.

London, Oct. 21.—Fears are entertained in this city that the Somaliland expedition, which recently suffered a reverse at the hands of Mad Mullah, has been annihilated. A private letter from one of the officers of the expedition to a Mr. Green received today, says

"No one will appreciate this until it is too late. We are in a regular trap. We have had some stiff fights and lost many men. The worst of it to our blacks are flunking. We may muddle out somehow, though I hardly expect to see you again."

DEMOCRATS IN CAUCUS.

Held in Compliance With a Call Issued by Chairman Harvey C. Garber.

Determined to Vote as a Unit Against Nash Code Bill Because it was Purely a Political Proposition to Aid Machine Politicians.

Columbus, O., Oct. 21.—(Special)—The local politicians here have already begun to look over the ground with a view of starting the spring campaign in anticipation of the passage of the code bill. The provisions of the code are such as to offer an incentive to exertion on the part of politicians, especially to councilmen aspirants because of the salary attached. One of the first things to be done is the redistricting of the city into wards.

Local Republican politicians have figured matters geographical out in such a way that they believe that they can keep the number of Democratic wards in Columbus down to four. These four wards will be overwhelmed by Democrats. Three of these Democratic wards will be in the southern part of the city already strongly Democratic and one will be located in the northern part of the city. If the Republican plan of redistricting goes

through it will give the Republicans eleven councilmen to the Democrats four; that is presuming that the Republicans will be able to elect the three councilmen at large under the proposed code.

The going into effect of the code bill this spring will make the municipal election in every municipality a hotly contested one and it is expected that both parties will put forth all their energy to get the advantage by electing men who will be able to hold the municipality in line for their party. Governor Nash spent most of Monday going over a copy of the code as it has been agreed upon by the conference committee.

The Democratic members of the general assembly held a caucus last night and decided to vote as a unit against the code bill. The caucus was held in obedience to the call of Chairman Garber, of the Democratic state executive committee.

ORTHODOX QUAKERS DECIDE TO "SMOKE UP."

Realize That They Must Have New Methods in Order to Progress.

Indianapolis, Ind., Oct. 21.—The general conference of Orthodox Quakers, which began in this city today, marks an epoch in the history of the famous sect. It marks the passing away of the old form of control of the denomination and the birth of a new religious body having a central authority and combined agencies for work. In other words the members of the church have come to a full recognition of the fact that new methods of a progressive sort are absolutely necessary if the denomination is to retain its influence and membership in future. The church affairs will be managed along the lines employed by the Methodists, Presbyterians and other denominations. Instead of the customary yearly meetings there will be a general national conference once in five years to deal with all the affairs

of the church. It is probable that the conference will adopt a declaration of faith. A new catechism is contemplated and arrangements will be made it is understood for the establishing of a publishing house. The conference will undertake, also, to provide all the meetings represented with active working boards such as boards of foreign missions, boards of church extension and boards of education.

Radical as the movement appears it has the support of all the yearly meetings of Quakers in the United States with the exception of the Philadelphia meeting, which sticks fast to the old conservative customs. The movement, of course, does not include the Hicksite Friends, a minor branch of the denomination which severed its connection with the parent body long ago.

NO VOTE UNTIL THIS EVENING

Upon the Code, Which was Read in Full This Afternoon.

EVENTS

Of Much Importance That Transpire

In South Lima

Peculiar Wedding of a Local Couple.

New Minister Appointed to the Pastorate of Beulah M. E. Church.

The Day's News of a General, Social and Personal Nature in This Portion of the City.

At his residence yesterday, Rev. M. M. Flegley, pastor of Trinity M. E. church, officiated at the marriage of Robert A. Cutlip to Anna E. Bernholt. They will reside on south Union street. The peculiarity of the affair is that the couple have been married for about two years and have not been separated, but the husband was never satisfied with the ceremony performed by a minister of a denomination different from his belief, so they decided to have the ceremony re-performed by a Methodist minister which was done.

Birthday Party.
Sunday being the birthday anniversary of Mrs. E. Stumbaugh, and Winfield Fisher they were entertained at a pleasant dinner party at the home of Thomas Fisher. The event was a happy one enjoyed by a large number of invited guests.

Attending Convention.
Rev. W. J. Hagerman, pastor of Grace M. E. church, has gone to Cleveland where he will attend the international convention of the Methodist church. The meeting will be attended by delegates from all parts of the United States. Rev. Hagerman will deliver an address before the convention.

Going to St. Louis.
J. C. Martin, of east Kibby street, will leave tomorrow with his family for St. Louis, where he has taken a lucrative position in a large railroad machine shop.

Made Estimates.
The estimating committee of Grace M. E. church, met last night to arrange the estimates for the expenses of the church. The pastor's salary was fixed at twelve hundred dollars a year.

An Old Relic.
Carl Jacobs has upon exhibit at Thompson's store on south Main street, an old fashioned clock over one hundred years old. It was formerly the property of his grandfather. It is about nine feet high, being quite ornamental. Mr. Jacobs has received several flattering cash offers for the time piece, but refused them on account of the heirloom being in the family so long.

Interesting Character.
Samuel Shockey, the eccentric philanthropist of Ada, spent yesterday afternoon in south Lima, arriving here from the west. Shockey is nothing if not interesting. When a young man he had a most promising future before him. He was remarkably talented, having an especial adaptation for mathematics. For solving intricate problems he gained wide notoriety while yet a boy. Too close an application to higher studies unfortunately disturbed the equipoise of his mentality. He then began drifting about the country. Strong drink got

the better of him and his career has been a varied one. At one time he wrote a book of his travels which had a large sale. The proceeds were soon squandered and the author began tramping over the country. He frankly admits he has been in at least one jail in every state of the Union. Happily he has never been guilty of any crime, his appetite for intoxicants always being the cause of incarceration. Of late years he has become melancholy, having made frequent unsuccessful attempts upon his life. His latest sensation was at Columbus, Miss. Key is always well appearing, and of good address. He acquires a livelihood by the exercise of his wit which sometimes leads him to deliver lectures, soliciting for various articles or corresponding for newspapers. He was at one time upon the correspondence staff of the Cincinnati Enquirer. When sober he is interesting and intelligent, meriting more of pity than blame.

Christian Conference.
A number from here will attend the conference of the Christian church at Lafayette next week. The congregation there hoped to entertain the meeting in their handsome new church, but it is not yet completed so the convention will be held in the town hall. A successful session is anticipated.

Will Organize.
Local members of the Lutheran church have been invited to assist in the organization of a congregation of the denomination at Lafayette. Funds are being raised for the worthy enterprise. A congregation will be instituted and a church built as quickly as possible.

Interesting Travels.
While here recently, J. W. Bixell, a young man of Bluffton, well known in south Lima, gave an interesting account of his travels in Germany, from which country he returned some time ago, having completed a course of study in the music department of a university at Dresden. At Elislan the birthplace of Luther, the great reformer he saw the house in which he had resided. It is filled with relics of the great preacher. In the church at Andros, Mr. Bixell saw the pulpit from which Luther preached. In this city also found the house where he died. In the church is the font in which he was baptized. At a museum in the town the wedding ring of the reformer is exhibited. The summer home of the German Emperor was seen at Cassel. This city is also noted for its manufacturing of locomotives, rail way carriages and surgical instruments. The trip down the Rhine was interestingly described. At the museum in Bonn, Mr. Bixell saw some of the instruments of the famous composer Beethoven.

The New Minister.
Dr. J. M. Mills, presiding elder of the Lima district conference yesterday appointed Rev. J. C. Lee, of Harrod to the pastorate of Beulah M. E. church on Second street. The young pastor comes highly recommended. He is a talented gentleman, having at one time been an instructor in the classical department of the University at Ada. Leaving this institution he graduated with honors from the Delaware college. After this he prepared for the ministry in which he has been engaged very successfully several years. Mrs. Lee, wife of the new minister is also an exceptionally talented lady, who is also an ex-teacher in the Ada college, having been an instructor in the mathematical department of the school.

Rev. Lee will deliver his initial sermon before his congregation next Sunday morning. He is an excellent speaker. The new pastor will have many arduous duties to perform, as the congregation was only recently organized. He will have the task of developing the congregation which will soon begin the erection of a handsome church edifice on Second street. Dr. Mills evidently considered him the most competent man for the position as he was selected from a number of worthy applicants.

A Request.
Mrs. Margaret Myers, of the Chicago training school for deaconesses and missionaries, has written officials of Grace M. E. church, requesting them to donate articles of handwork for the institution. All those having such contributions to make can leave them with Mrs. C. DeVoe, of south Elizabeth street.

Known Here.
Many local friends of Theodore Zinz, a prominent young merchant of Ada, will be pleased to learn of his marriage recently, to Miss Minnie Ellis, of Kenton. The ceremony occurred at the home of the bride's sister, Mrs. C. E. Parmeter, at Marysville.

Quail Season.
South Lima sportsmen are preparing for the quail season which opens Monday, November 16th, continuing to Tuesday, December 2nd. Indications are there will be a large amount of this game. No person may kill more than eighteen quail in one day.

Attended Wedding.
Messdames W. Pauers and William Wright, of south Elizabeth street, were at Columbus last night, where they attended the wedding of their

also, Miss Grace Wright, to a prominent young business man of the capital city.

People in Print.
Mrs. C. M. Walker, of south West street, has gone to Weston for a few days visit with relatives.
Mrs. M. J. Pierce, who has been a guest at W. G. Murray's, on west Elm street, left yesterday for her home at Indianapolis. She was accompanied by Miss Anna Murray.
E. Stumbaugh of St. John's avenue, is home from Garrett, Ind., where he visited his son.
Mrs. Wm. Kalfar, of Forest avenue, is critically ill.
Mrs. W. L. Binkley, of south Elizabeth street, left this morning for Swanton, to spend a few weeks with her parents, Mr. and Mrs. O. F. Mills.
Mrs. Amanda Bender, visiting at Frank Clarke's, on south West street, has returned to her home at Coldwater, Mich.

Charles Barr, of Ottawa, has taken a position at the tile factory.
W. R. Robinson, is home from a two weeks vacation spent in New York.
W. M. Tompkins, has returned from Altoona, Pa., where he has been renewing acquaintances the past two weeks.

Aaron Baker, of Port Jefferson, enroute to Warsaw, Ind., to visit his son attorney W. E. Baker, called upon E. L. Kraft, of east Kibby street.
A. J. Pence, of Sidney, is the guest of E. L. Kraft.
Mrs. H. C. Jameson, of Cleveland, is being entertained at Joseph Kuehl's on south Elizabeth street.

Mrs. H. V. Anderson, after a months visit at S. S. Schaffers, on south Elizabeth street returned yesterday to her home at Ft. Wayne.

THE WHITNEY & CURRIER CO.,

Are now open and we offer for your inspection and consideration, such a line of pianos that have never before been brought together and shown in Lima. A visit to these beautiful piano parlors, 211-213 west High street will demonstrate to you that this firm has come here to do business.

We sat at the table together

STATE CARE

Of the Unfortunate, Will be Discussed.

Peoria, Ill., Oct. 21.—The seventh annual meeting of the Illinois state conference of charities and corrections which was formally opened in Peoria, today, promises to be the most important session in the history of the organization. The attendance is large and representative and several speakers of note are to be heard during the coming two days. Such important subjects as traffic of children, state care of epileptics and feeble minded and state visitation of children placed in homes are scheduled for careful consideration. A feature of the conference will be the discussion of the question of civil service in state institutions.

Water rent now due for last half of year 1902. 1-tf

NOTHING LIKE Paine's Celery Compound

For Cleansing and Purifying the Blood.

It Removes the Germs of Disease, Invigorates and Re- juvenates.

Thousands of men and women who have neglected the work of physical recuperation in the summer months, are now carrying a burden of disease. In the majority of cases, impure and poisoned blood and a sluggish circulation are the direct causes of suffering and misery. Are you, dear reader, one of the unhappy victims? If so, the life stream must be made pure, the health-wrecking laxity of the blood vessels must be corrected, the nerves and tissues must be nourished. Paine's Celery Compound is the medicine that physicians recommend for the increase of pure blood in the arteries, and for arousing the purifying organs to cast off the impurities that give rise to disease. Mr. Jas. F. Hudson, Spring Ridge, La., was a terrible sufferer from impure blood, he tells how he banished his troubles.

"From some cause my blood became impure and resulted in boils and pimples. At one time I suffered from 27 boils. No one can imagine what I suffered. I tried sulphur, sarsaparillas and other remedies, but no relief came. Mr. Sebastian, a merchant whom I used to clerk for, handed me one of your circulars and insisted that I should use Paine's Celery Compound. After using two or three bottles the boils were not so numerous nor as large. After using the fifth bottle, I was entirely cured, and have been myself ever since."

DOG SHOW

Given by New York Women

is a Record Breaker.

New York, Oct. 21.—The Ladies' Kennel Association of America chose a great day for the opening of its second annual bench show in Madison Square Garden. A regular holiday crowd was present and society was much in evidence. The entry list is also a record-breaker, there being more than 1,600 pure-bred canines hunched. The breeds most strongly represented are: Field and crooked spaniels, Boston terriers, fox terriers, Great Danes, St. Bernards, collies, beagles, French bulldogs, poodles and toy spaniels.

A sitting up with a sick man. No professional nurse was she. A sitting up with her love-sick man. Rocky Mountain Tea. 17 N. Main St., corner North and West.

The Demon of Indigestion.
Cooks and housekeepers have a better mission than they as a class seem to be aware of. It is that of feeding the human being and keeping him in health and good working condition. A poorly fed man is likely to be miserable. Few if any of us are able to rise above conditions.

"A sick man, sir," said Dr. Johnson, "is always a second." The language perhaps somewhat strong and lacking in charity, but it contains a good deal of truth. The dyspeptic, who sees his life given over to evil and daily running worse, is very likely to think himself unable to swim against the current and to drift to disaster. "We are saved by hope," but without a good reason faith, hope and charity are impossible.

Stories of Children.
Teacher—What is velocity, Johnny?
John—Velocity is what a feller lets out of a bumblebee with.
The Parson—My boy, I'm sorry to see you flying your kite on the Sabbath. Small Boy—Dat's all right, marse. Dis kite's made uv a 'ligious parson. See?

Small Ned, hearing a number of crows in a pond making a hideous noise, exclaimed, "My goodness, but de froggies must sleep awful sound!"
"Why do you think so?" asked his mother.
"Cause they snore so loud," replied Ned.—St. Louis Post-Dispatch.

Limited Choice.
Father—Johnny, I see your little other has the smaller apple. Did you give him his choice as I suggested?
Johnny—Yes, father; I told him he could have his choice—the little one or the big one—and he took the little one.—Lima Herald.

The Color of St.
"And you loaned him \$2? Did you see the color of his money?"
"Well, yes. There was a good deal of it. It before I got it."—New York Herald.

And Yet He Has Plenty of Good.
The average boy is like an hourglass. He won't work for more than sixty minutes unless somebody turns him up and down.—Somerville Journal.

When a man thinks he is pretty, he takes a whole lot of time looking in the mirror while combing his hair.

LAST

Act of Those Left Behind.

Laid to Rest

Were the Remains of Brakeman Lytle

Amid a Wreath of Flowers at the Delphos Presbyterian Church.

The Thunderbolt Special on the Pennsylvania Broke All Records in Making Up Time.

Brakeman L. S. Lytle, who was killed on the Clover Leaf, was buried at Delphos Sunday afternoon. Lytle had been a life long resident of Delphos and his father was one of the prominent Republicans of the district, at one time being a congressional candidate.

Deputy Sheriff Summers, who knew Lytle well, said he had always had a mania for railroading and even when a boy the shriek of a locomotive was as music to his ears. He preferred the excitement of the life of a professional career and finally adopted it. A few months ago he narrowly escaped being blown up with the engineer and fireman at Continental when the boiler exploded and it was almost on the exact spot of that frightful accident that Lytle was man killed beneath the wheels of his train.

His wife was a Miss Hume, a cousin of Frank Hume of Lima, and both he and her deceased husband were among the popular young people of Delphos. The funeral was largely attended and the Presbyterian church was packed with beautiful floral emblems testifying to the sorrow felt by the host of friends who mourned the deceased's sad end.

The Naughty Brakemen.
Tormented to exasperation by two L. E. & W. brakemen, Saturday Mrs. Kate Workman, a notorious character of the west end, fired a shot from a revolver which nearly struck Matthew Martinson, an employee of the Oil Well Supply store. Mrs. Workman lives on Putnam street near the railroad. About 10 o'clock, Saturday morning, the two brakemen started to tease the woman by making remarks. At first the only effect of the talk was to draw out a violent tongue lashing from the angry woman. At last, angered to fury, the woman ran hastily into the house and returned with a revolver. She took aim at one of the men and fired. The bullet sped wide of its mark but just whizzed over the head of Mr. Martinson who was unloading oil well supplies from a car near the scene of the dispute. Both of the brakemen beat a hasty retreat very much frightened and sought protection behind different buildings in their spirited retreat. This is not the first time Mrs. Workman has shown her disposition to use firearms. At one time she shot at a number of boys who were tormenting her.—Pittsburgh Courier.

C. & O. Annual Meeting.
Richmond, Va., Oct. 21.—Stockholders of the Chesapeake and Ohio Railway Co. held their annual meeting here today. The report submitted by the directors was considered and adopted. The report showed that during the year ended June 30 the earnings of the company amounted to \$16,524,378, an increase of \$1,152,836 over the preceding year.

Railway Problems to be Discussed.
Minneapolis, Minn., Oct. 21. The leading railway systems of the United States and Canada are represented at the annual meeting of the association of superintendents of railway bridges and buildings, which began its sessions in this city today. The three days program provides for the discussion of a wide range of questions affecting the particular branch of railway work with which the members of the association are identified.

Broke All Records.
The Pennsylvania special Thursday night between Pittsburgh and Chicago broke all previous records for fast running, says the Pittsburgh Dispatch. The train arrived at Pittsburgh one hour and twenty minutes late, being delayed in the east on account of heavy freight movements. The time was made up before Chicago was reached. The run is all the more remarkable in view of the great amount of work done on the western and central division of the Fort Wayne and

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Thomas' Electric Oil. At your druggists.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent relief. At any drug store, 50 cents.

The Tired Foot.

A lady was watching a potter at his work whose one foot was kept with a "never slackening speed turning his swift wheel round" while the other rested patiently on the ground. When the lady said to him in sympathizing tone, "How tired your foot must be!" the man raised his eyes and said: "No, no; it isn't the foot that works that's tired. It's the foot that stands that's tired."

If you want to keep your strength, use it. If you want to get tired, do nothing. As a matter of fact, we all know that the best way to give a help hand to any new undertaking is the man who has plenty of time on his hands. It is the man and woman who are doing the most who are always willing to do a little more.—Philadelphia Ledger.

The Man and the Wave.
Once upon a time a man was telling a tale of woe that involved his name: "It was all on account of a little dainty handkerchief," he said. "The first time that I saw the girl and before we had been introduced she waved that bit of lace at me, and I was carried away. It was a fall in love and then matrimony. But, alas, that dainty handkerchief was no index to the girl's nature, and I found myself wrecked on the sea of matrimony."

W. F. CARTER, T. P. A.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"To Young Women:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."

—Miss Agnes Miller, 25 Poloma Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation and makes those periods painless.

READ WHAT MISS LINDBECK SAYS:

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound has greatly benefited me. I will tell you how I suffered. My trouble was painful menstruation. I felt as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdomen.

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—JESSIE C. LINDBECK, 1201 6th Street, Rockford, Ill.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it. Her advice has restored to health more than one hundred thousand women. Why don't you try it, my sick sisters?

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness, Lydia E. Pinkham Medicine Co., Lynn, Mass.

OBITUARY.

Mrs. Ella Miller-Stehman, daughter of Uriah and Eliza Miller, was born in Elida, Ohio, April 5th, 1874.

She was married to E. V. Stehman, Sept. 28, 1892. She was converted and united with the M. E. church eight years ago, under the pastorate of Rev. W. J. Hagerman.

Her life and daily walk was chaste and helpful. She was a faithful and consistent Christian. She was loyal to every interest of home and church. Her manner was quiet and reserved. Every one who knew her loved her. She lived as any Christian needs to live. Her spiritual sight was not dim. Her sky was clear. Life to her was more than a busy round of cares. To work for those she loved was a comfort and joy. She knew she was a Christian. The gospel light was her light. Daily she walked in wisdom's ways. Her religion caused her to give bread instead of stones—flowers instead of thistles—life instead of thorns—made her to respond to every cry for help, and soothe the aching heart.

God was her father. Christ her brother and heaven her eternal home. Over the last enemy she triumphed, and bade him go his way. Her dying prayer, her testimony, her songs of coming victory will never be forgotten. She welcomed death, and prayed for his early coming. He came, but found her not, for she had risen.

She departed this life, Oct. 18, 1906, age 32 years, 8 months and 9 days.

Besides a loving husband and two children, Carl, aged 5 years, and Grace, aged 4 years, she leaves father and mother, four sisters and five brothers. Many relatives and a host of friends to mourn her early departure.

Rev. J. F. Gamble had charge of the funeral services, while Rev. W. J. Hagerman, of Grace M. E. church, Lima, O., preached the funeral sermon.

FIRST MEETING HELD IN AMERICA

On the Part of the International Congress of Americanists.

New York, Oct. 21. — The thirtieth session of the International Congress of Americanists began today at the American Museum of Natural History, under the presidency of Morris K. Jesup. Curious as it may seem, this is the first meeting of the congress to be held in the United States. The previous sessions having been held in the capitals of the old world, with the exception of one meeting held in the City of Mexico.

The society was founded by the Duke de Loubat and a coterie of Frenchmen, who were particularly interested in the pre-Columbian history of the two Americas, and in the theories regarding the peopling of the New World. The congress has for its specific object the bringing together of students of the early history of America for the discussion of ethnological and archaeological subjects as they relate to the native races of the Western World. The subjects to be discussed more particularly by the present session are: "The Native Races of America, Their Origin, Distribution, History, Physical Characteristics, Languages, Inventions and Customs," and "The History of the Early Contact Between America and the Old World."

A SHOW WHICH WILL INTEREST THE WEST.

Kansas City's Excellent Exhibition of Pure Bred Cattle.

Kansas City, Mo., Oct. 21.—The American Royal Cattle and Swine Show, to be held in this city this week, has attracted thousands of breeders and lovers of purebred cattle from all sections of the west and southwest. This year there is an added feature which makes the show of double interest to the rangemen and ranchmen—a competition of car load lots of fat and feeding cattle. The competition includes both pure-bred and grade steers and heifers. Each of the four

breeds participating in the show—the Herefords, Shorthorns, Galloways and Angus—has a contest of this kind, and then there is a contest of the prize winners of all breeds. Upwards of \$20,000 in prizes have been hung up by the four breeds for breeding and feeding cattle. The exhibits already on the grounds include nearly 100 car-load lots, besides 2,000 pure-bred breeding animals and 1,500 registered Poland China, Berkshire and Duroc Jersey hogs.

THE STAGE.

The sensational comedy drama, "Her Marriage Vow," which is claimed to be of the strongest productions on the road this season, will be given for the first time here at the Pantages opera house on next Thursday, Oct. 23. The play is said to be full of action, with a sprinkling of pure comedy running through it. The story is such that the audience is interested from the start. The great railroad scene, where two life-like trains pass each other in full view of the audience, is said to hold the spectator spell-bound.

CASTORIA.

Bears the Signature of *Chas. H. Fletcher*

It always causes a smile to go around when a girl, who looks like a princess, in walking along the street with her head well up, stubs her royal toe.

NEVER ASK ADVICE.

When you have a cough or cold don't ask what is good for it and get some medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy, it cures coughs and colds quickly.

H. F. Vortkamp, cor. Main and North streets.

When the storms keep people away from a church social, the woman who got it up feels she has just ground for doubting other folks' religion.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Chas. H. Fletcher*

SPENT MORE THAN \$1,000.

W. W. Baker, of Plainville, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and thanks to this great remedy it saved her life. She enjoys better health than she has known in ten years." Refuse substitutes.

H. F. Vortkamp, cor. Main and North streets.

A DOZEN TIMES A NIGHT.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured."

H. F. Vortkamp, cor. Main and North streets.

A man who doesn't hate a woman suffering he'd cake, if he had a chance.

America's Famous Beauties. Look with horror on skin eruptions, blotches, sores, pimples. They don't save them, nor will any one. Use Bucklen's Arnica Salve. It restores the face. Eczema or skin rash vanishes before it. It cures every chapped hand, chilblains. Indisputable for piles. 25c at H. F. Vortkamp's drug store.

FARM & GARDEN

VARIETIES OF WHEAT.

Best Yields at the Kentucky Agricultural Experiment Station.

Wheat varieties being of interest at present, some experience of the Kentucky agricultural experiment station is here presented. The wheat illustrated were among thirty-seven varieties planted Oct. 14 for the season of 1900-01. The fourteen best yields for two years have been Fultz, Harvest King, Prudy, Lancaster Red, Scotch

1. CLAWSON LONGBERRY; 2. CANADIAN HYBRID; 3. IMPROVED RICE.

wood Hybrid, Indiana Swamp, Dawson's Golden Chaff, Jersey Fultz, Extra Early Onkley, Pearl Prolific, Falcaster, Turkish, Kansas Mortgage Lifter and Hungarian. There are among these eight smooth varieties, and they average for the two years 39.2 bushels, and seven bearded varieties which average for the two years only 38.9 bushels. The farmers of the section of the state around Lexington prefer a smooth wheat to a bearded one, as it is very hard to get hands to harvest the bearded varieties.

Clawson Longberry is beardless, seeds large, soft and white, but a trifle darker than some other white wheats; stem yellow; average number of seeds from a spike, 40; average weight of seeds from one spike, 2.3 grams.

Canadian Hybrid is beardless, seeds of medium size, plump, red, moderately hard; spike compact, stem pale yellow; average number of seeds from a spike, 54; average weight, 2.1 grams; of good appearance, but with the stem rather slight.

The Hungarian wheat produced a very rank growth; average height, about 53 inches, though occasional plants reached a height of 58 inches; strongly bearded; seed large, very dark in color and very hard; number of seeds from a spike, 35.5; average weight of seeds from a spike, 1.55 grams.

Planting wheat is beardless or bearded; seeds small, soft and red; spike

4. THREE, OR HUNGARIAN; 5. POINTING.

slender, tapering, the spikelets well separated; stem yellow, slight; average number of seeds from a spike, 37.5; average weight of seeds from a spike, 0.925 gram. The straw was very weak, and much of it was thrown down before it was cut; average height when mature, about 50 inches, though often reaching a height of 54 inches. Red rust very abundant on blades. No stem rust. It is a very early wheat and was cut June 22.

NELSON'S NAME

Remembered by Men Who Appreciate Loyal Deeds.

London, Oct. 21.—Trafalgar day was celebrated today in the usual fashion throughout England. Nelson's flagship, the Victory, was hung with wreaths and flags at Portsmouth, and Nelson's column, in Trafalgar square, London, was likewise adorned with wreaths. The usual municipal processions in observance of the day were held in Liverpool, Manchester and other provincial cities.

DANGER IN NEW CORN.

An Unparalleled Promoter of Hog Cholera—Endorsed Medical Dept.

During the last year there has been hog cholera and swine plague thus formerly simply because less corn was fed. This does not mean that corn is the direct cause of cholera, but it does mean that as a promoter of the disease corn, especially new corn, is an unparalleled success. This greatest of all grains is the greatest heat producer grows on the farm and when fed in large quantities produces fat at the expense of tissue, so that the animal falls an easy victim when the cholera microbe puts in an appearance.

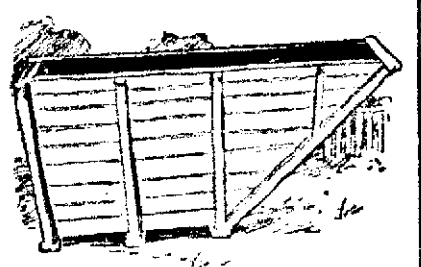

At this time, in the face of an enormous crop, farmers are likely to forget the lessons they have learned as to feeding the smaller corn ration. New corn is unexcelled for fattening purposes, but it is deficient in muscle, flesh and bone forming elements. It should be fed cautiously and always with some digestible concentrated feed.

A well known Iowa authority said recently that the system of the pig soon becomes deranged by continuous feeding of new corn, the animal soon becomes sick, and much of the loss usually attributed to hog cholera might be termed corn disease. He stated further that two bushels of new corn are required to equal one bushel of old corn in results, and as pigs like the new grain and will eat it ravenously if permitted every precaution should be taken to prevent overeating.

Don't misunderstand me. I would not urge any one to discontinue the use of corn. The farmer who has a big corn crop this year will be immeasurably benefited if he will continue to feed the balanced ration. The big yield of corn should not deter him from using concentrated feeds. He should remember the danger in feeding new corn and that three or four hogs saved will more than pay for the necessary quantity of concentrated feed rich in digestible protein.—Cor. Country Gentleman.

Where Only a Small Flock Is Kept.

Dipping sheep is universally acknowledged as being the only way to properly destroy the injurious pests that cause our sheep raisers and wool growers so many thousands of dollars loss each year. The accompanying cut shows a dipping tank the writer helped to make that has given very satisfactory returns where only a few sheep are kept. The tank is 7 feet 8 inches in length at the top and 4 feet 2 inches long at the bottom.

The height is 4 feet. It is 2 feet wide at the top and only 6 inches at the bottom. We made the frame on the outside so as to have the inside perfectly smooth. We used three 2 by 4 pieces 16 feet long. The studdings are 4 feet 2 inches in height, allowing two inches to frame the studding across the bottom in order to hold the tank solid.—Cor. Ohio Farmer.

Earthing Up Celery.

The gradual earthing up of celery should be attended to when the weather is suitable. In earthing up it is necessary to success to have the foliage dry and the soil in a friable condition. Landing with wet soil will aggravate rust and even start it on healthy plants. Go over the lines and remove all rotten leaves before adding the soil. Where it is found impossible to blanch with soil on account of bad weather boards can be used temporarily for this purpose of starting the process in time on either a portion of the crop or all of it by standing a line of twelve inch boards along at each side of the celery drill. Of course celery can be blanched altogether by the aid of boards, but many people consider the celery superior when earth has been used, while others object to the expense of boards. In handling celery it is important to keep the soil from getting into the hearts. This can be done by drawing all the stalks closely and evenly together, holding the plant with one hand and packing the soil firmly around with the other, or they may be tied with string. The soiling can then be finished with the spade or plow. While the plants are growing four to six inches is enough to put in at one time.

"Flaxseeds" of the Fly in the Wheat.

Many farmers suppose that the so called "flaxseeds" which are found in October and November at the base of the wheat stalk are the eggs of the Hessian fly, but this is a mistake. These "flaxseeds" are the full grown larvae of the fly, which undergo their transformation into the winged insect within the brown cases called "flaxseeds," says Charles E. Thorne, director of the Ohio agricultural experiment station.

What Others Say.

The man who grows and feeds hogs to the full capacity of his farm is always prosperous.

Sheep will live and thrive on pasture so short that cattle cannot get enough grass during the day to do them overnight.

Stock farms don't wear out, but become more and more fertile and more and more profitable.

Sheep require no expensive shelter. A dry place and protection from the force of storms, an open shed with a roof that will turn the rain, are all that is required.

Dr. Humphreys.

After fifty years Dr. Humphreys' reputation enjoys the greatest popularity and highest sale in their history, due to intrinsic merit. They cure the sick, the weak, the nervous, the debilitated, the diseased, the aged, the young, the male, the female.

Be an optimist. Instead of seeing your women folks because they look around for chances to throw away money, work yourself to death trying to earn more.

COULD NOT SLEEP

No Rest at Night—Nervous—Worried

Tired All the Time—The Medicine That Never Fails.

Mrs. J. Perchett, of 131 West McKibbin street, Lima, O., says: "Dr. A. W. Chase's Nerve Pills are just splendid. I used to have a pain in my head that fairly distracted me. I was very nervous and sleep I could not, weak and run down as well, but the Nerve Pills I got at Melville's drug store stopped all the pain—gave me fine sleep, steadied the nerves—built me up in strength and generally made me feel well. Its a grand medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

When a woman is married to a poor stick of a man, the Christian Science way is to say that she is suffering with a belief of a husband.

His Life in Peril.

I just wanted to have gone all to pieces," writes Alfred B. of Western, Tex., "billiousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too weak to work when I began to use Electric Bitters, but they helped me. Now I sleep like a top, can eat anything I want, have gained in strength and enjoy my hard work. They give me health and new life to work, such as run-down people. Try them. Only 50c at H. F. Vortkamp's, cor. Main and North streets.

The kind of persons who do a lot of work of talking with every five cents worth of business transacted, never seem to have anything to keep them at home.

BRONCHITIS FOR TWENTY YEARS

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar. It was a cure cure."

That demand sent to Holmes
held position is now pending
and cannot and will come a
final action on the 24th day of
October, 1905.

NOTICE OF APPOINTMENT

Estate of Mary Casey, deceased.

The undersigned has been appointed and qualified as administrator of the estate of Mary Casey, late of county, Ohio, deceased.

Dated this 14th day of October, A. D. 1902.

THOMAS CASEY
Administrator

NOTICE TO BOND BUYER

Sealed bids will be received in City Clerk of Lima, Ohio, until 1 o'clock noon, Monday November 11, 1902, and opened immediately after, for the purchase of \$100,000 worth of improvement bonds and designated as "Special Street Improvement Refunding Bonds of City of Lima, Ohio." Issued for the purpose of obtaining money to pay certain outstanding orders and other indebtedness in amount of the City of Lima, Ohio, as the corporation's obligation, the cost of certain special improvements, which orders and indebtedness have heretofore by the council determined to be existing, valid and binding obligations of said city.

Said bonds shall be in denomination of \$1,000 each; shall be 2 1/2% number; shall be dated October 1, 1902, and made payable as follows: \$1,000 on the first day of October, 1904; \$1,000 on the first day of October, 1905; and \$1,000 on the first day of October and April in each of the years thereafter until all shall have been paid.

Said bonds shall bear interest at the rate of four (4) per cent per

No bid for less than par value said bonds will be considered, and bidders should specify the amount bid for and the premium, if any, is offered.

Bidders are required to use form proposal furnished by the city

compensated by a certified check to the city clerk, in the sum of at least one percent of the amount of bonds tendered. Should the bidder to whom the bonds are awarded refuse or neglect to accept said bonds and pay to the city of Lima, Ohio, the amount of bid within twenty days after bonds are ready for delivery, said deposit will be retained by the city as liquidated damages for failure.

The right to reject any and all is reserved.

By order of the City Council,
 J. H. BEARD, City Clerk
 Lima, Ohio, Dec. 10, 1907.

NOTICE TO BOND BUYERS

Sealed bids will be received by city clerk of Lima, Ohio, until 12 o'clock noon, Monday, October 1, 1902, and opened immediately thereafter, for the purchase of \$150,000 worth of water works bonds known and designated as "Water Works Bonds of the City of Lima, Ohio."

Said bonds shall be in denominations of \$1,000 each, shall be 15

Said bonds shall bear interest at the rate of 4 per cent per annum, payable semi-annually, with principal and interest, at the office of the treasurer of said city of Lima, O., on the first day of April, 1902, and be made payable as follows: \$3,000 on the first day of April, 1902, \$3,000 on the first day of October, 1902, and \$3,000 on the first day of April and October in each and every year thereafter until all said bonds have been paid.

Bidders are required to use form proposal furnished by the city clerk and no bid will be considered unaccompanied by a certified check payable to the city clerk, in the sum of at least ten percent of the amount of bonds for. Should the bidder to whom bonds are awarded refuse or neglect to accept said bonds and pay to the city of Lima, Ohio, the amount of bid within twenty days after bonds are ready for delivery, then deposit will be retained by said city as liquidated damages for such breach.

§

The city council reserves the right

same delivered, in different amounts and different times, or all at once, the city council may hereafter determine the same to be necessary. The right to reject any or all bids is so reserved.

By order of the city council,
FRED C. BEAM, City Clerk
Lima, Ohio, Oct. 3rd, 1922.

DASHED INTO OPEN SWITCH.

C. H. & D. Passenger Train Hits a Freight at Elmwood Place.

Brakeman Green Has One of His Legs Broken and Passenger Engineer Chas. Kline and His Fireman are Slightly Injured.

Passenger train No. 11, which is made up here for Cincinnati, at 6:20 a. m., was wrecked at Elmwood Place this morning, and the first reports caused a tremor of excitement here where the several members of the crew have their homes.

Naturally the first report was one which in a manner, exaggerated the results, but although it was serious enough, investigation proved that the first fears could be allayed as none of the boys were so badly injured as to cause alarm. Charlie Kline, who was the engineer sent word to his family that he was all right, which does not indicate however that he escaped uninjured. His fireman's name is Lingo, but he is practically a stranger in Lima, belonging to the Cincinnati division. Just now seriously injured he was not told in the press dispatches at the private messages received at local headquarters.

Brakeman W. W. Green, who lives at 533 north Elizabeth street, had his leg broken and was otherwise injured but a message sent to his home stated that he was not in a serious condition.

The trains in leaving Ivorydale, make up all the lost time they may

have in getting into Elmwood Place, as there is an order permitting of no dispute, which insists on all trains consuming sixteen minutes in getting from Elmwood Place to Cincinnati. The down grade helps things along to Ivorydale and the fast train was going at its best speed, when it dashed into an open switch and struck a freight train.

The latest particulars received from the scene of the wreck are conveyed in the following special telegram to the Times:

Cincinnati, O., Oct. 21.—At least 10 persons were injured, several seriously, in a wreck on the Cincinnati Hamilton and Dayton railroad 50 feet from the depot at Elmwood place this morning. The fast passenger train from Lima ran through a switch that had been left open for local freight to go on to Ivorydale, and crashed into a freight. The engineer and fireman of the passenger stuck to their posts and were badly hurt, and several passengers received more or less serious injuries. Miss Blake, of Hamilton, O., was probably fatally hurt and Mrs. Blake, of Hamilton, was seriously injured.

SAM Went to Sleep in a Lion's Den. Big Policeman

Found Shockey on His Porch.

Prisoner was so Happy Over Being Dismissed This Morning

That He Promised to See to it That the Mayor is Sent to Congress. Minor Cases in Mayor's Court.

Last night about 11 o'clock, officer Billstein who is on duty this month went to his home on south Main street and found a drunken man lying on his porch. He placed the man under arrest and upon taking him to the police station found him to be the widely known Sam Shockey, of Ada, a globe trotter and temperance lecturer who has attempted to commit suicide at least fifteen times in various jails throughout the state.

"I guess you will be a good subject

to send to Columbus to take a good work out," said the mayor when Sam was seated in the court room.

"All right," replied Sam. "I'll take cell 200."

"You can't select your own cell," admonished the mayor.

"What's the charge?" asked Shockey.

"You're charged with being drunk," replied his Honor.

"I've been drunk for twenty years," declared Sam.

"How's that?"

"I say I'll plead guilty," said Shockey.

"Well, I'll give you a chance to go home," said the mayor. "You may go home."

Sam went below and after having his belongings returned to him he returned to the court room and said to the mayor: "I'll see that you're nominated and elected to congress. I'll see you in Washington."

"That's a big undertaking," said the mayor as Sam backed out of the court room bowing and scraping.

Other Cases.

Johnnie Kane, an eleven year old youth who disappeared from his home several days ago, was found on the head-end of an L. E. & W. passenger train by Officer Billstein this morning and was taken to the police station for safe keeping. It is possible that he will be sent to the reform school.

A young man from Spencerville named Mowery and a Cincinnati youth, each aged about 18 years were locked up last night for safe keeping. The former said he had come to Lima in search of employment and the other said he was trying to get back to the Queen City. Both were released.

PERSONAL MENTION.

Mrs. Thomas Shill and Mrs. John
Memmer of Sidney, spent Sunday
with J. P. Shill and wife, of north
Main street.

Miss Sadie Tadinger, of north Jack-
son street, spent Sunday with friends
in Sidney.

Mr. and Mrs. Genuvaute, of Toledo,
are the guests of Mrs. Genuvaute's
mother, Mrs. Bennett, of Cole street.

The Franklin club will meet Friday
afternoon with Mrs. J. J. Conrad, 317
west Wayne street.

Mrs. Owen Francis, of south West
street, left Saturday night for Chicago
where she will visit her son, Hugh.

Mr. Nelson Swan, of Findlay, spent
Sunday in this city the guest of his
parents Mr. and Mrs. N. Swan, of
south Collet street.

Mrs. Wm. Melville, of south west
street, is in Chicago visiting her
brother and other relatives and
friends.

Mr. J. W. Palmer is moving into the
Bower property on south Baxter
street.

Mr. E. E. Mesmer, of the L. E. &
W. railway, leaves this week for
Clyde, O., where he is to be married
to Miss Hattie Day. On their return
they will reside on north Metcalf
street.

Mrs. Sarah Flager of south Cen-
tral avenue, has bought the Palmer
residence on west Spring street and
moves into it tomorrow.

Mrs. Ed Townsend and daughter,
Margaret leave today for Kokomo,
Ind., for a weeks visit, and then will
go to Tucson, Arizona for the winter.

Mrs. C. C. Kline, of west Wayne
street will entertain twelve ladies at
6 o'clock dinner Wednesday evening.

Born to Mr. and Mrs. Wm. Van
devan of north McDonald street, a
daughter. The babe weighs twelve
pounds and the father weighs a ton—
just now.

Mrs. H. G. McElroy, of Ada is
spending a few days with her son
J. J. McElroy of west High street.

Max Michael has left on an eastern
trip to purchase goods.

F. E. Harman has returned from
an extended business trip in the east.

WILL HURRY Through Ohio Enroute to Indiana

To Tell the Natives of That State
How to Stand Pat at Elec-
tion Time.

A telegram from Cleveland says
Senator Hanna will go through In-
diana on a whirlwind. The trip will
be made on a special train Thurs-
day and Friday of this week. Senator
Fairbanks will meet the Ohio Sena-
tor in Cincinnati after the Music Hall
meeting Wednesday night and at 11
a. m. Thursday the special will start
out on its trip. Hanna will be the
star and Fairbanks next in import-
ance.

The original programme covered 28
meetings in two days beginning at
6:10 a. m. Thursday, but Hanna to-
day vetoed this arrangement and ran
his blue pencil through some of the
meetings. So instead of his work be-
ginning at 6 a. m. it will start at 9,
but from that moment on he will be
kept busy. He is expected to speak
at 15 meetings in two days.

At about noon Wednesday Hanna
will leave in a special car for Cin-
cinnati and those who know say that he
will take particular pains at that
meeting to pay his respects to Mayor
Tom.

Mayor Tom seems to have heard
about it for he expects to have a
stenographic report of Hanna's Cin-
cinnati speech, and will reply to it in
his tent Thursday, Friday and Satur-
day.

WIDOW Of Earl Bush Receives Two Hundred Dollars.

First Indemnity Claim Paid by the New Organization of Nitro Glycerine Workers.

Mrs. Carrie Bush, wife of the un-
fortunate Earl Bush, the nitro-glycer-
ine worker who was killed near this
city recently, has been paid \$200 from
the Nitro-Glycerine Workers associa-
tion being the amount the association
indemnifies its members from death.
This organization was formed only a
few months ago by shooters and
workers, and Bush was the first
death to occur since the association
was organized.

See the superb Steinway Grand and
Upright pianos at the Whitney and
Currier Co., 215-217 west High street.

ONE Grand Jury Victim Is Brought Up.

Fred Harrison Located at Jackson Center.

Returned With the Sheriff and Gave Bond for His Appearance.

The Charge Against Him is Selling
Liquor Contrary to Law at
His Place on East
Wayne Street.

Another indictment returned by the
grand jury was made public today
when sheriff Bari returned from
Jackson Center with Fred Harrison,
proprietor of the "Royal" saloon on
Wayne street, who is charged with
keeping a place where intoxicating li-
quors are sold in violation of the law.

Harrison is managing a colored
theatrical company but returned with
the sheriff and gave bond in the sum
of \$200.

Not Much Doing.

An effort was made by Judge Can-
ningham yesterday to have another
case assigned for this week to take
the place of the one settled between
Laura B. Carous and the C. H. & D.
but the attorneys present did not fall
over each other to get a day set for
pending litigation.

The history of the case of the
Farmers & Merchants bank, of Jac-
son Center, vs. I. W. Rush et al. was
one which led the court to believe that
at least three days would be con-
sumed in the trial but it turned out
that there was no defense made and a
verdict was returned yesterday even-
ing. In consequence of not being
able to assign a new case for the week
and the unexpected wind up of the ac-
tion heard yesterday there will not be
much heard this week in common
pleas.

Turned it Over.

There is a long history of litigation
connected with the Jackson Center
bank case and a more stubbornly
fought law suit has seldom gotten into
court. It has been tried no less than
four times and the jury has found for
the defendant on the evidence. Yes-
terday Judge Cunningham spent the
morning arraigning the prisoners and
at noon went to Ottawa where he had
a case in hand, turning over the bank
matter to Judge Armstrong.

As it turned out the defendants in
the case did not appear and after the
plaintiff had presented its side to the
jury, the court had no other alterna-
tive than to instruct a verdict for the
Jackson Center bank. The jury re-
turned at 4:23 and at 4:45 reported,
giving the plaintiff a judgment for
\$59,958.

One Thing and Another

It was intended to begin the crim-
inal term of court earlier than was de-
cided on yesterday, but next week is
taken up with civil cases, and the
week following circuit court will be in
session. Then comes the fall election
which occurs on Tuesday, November
4. With these interruptions it was
necessary to carry the criminal mat-
ters over until Wednesday, November
5 when Harry Bowshers trial will be-
gin, unless the plea entered yesterday
is changed.

Wants Assessment Reduced.

Frank Custer has filed a protest
against the paving assessment charged
against him and yesterday commenced
suit against the city to enjoin the col-
lection of the amount claimed. The
assessment is \$140, but according to
the appraised value of the property on
east High street, the plaintiff says
that it should not exceed \$52.50. His
case is in the hands of Prophet &
Eastman.

To Be Heard Friday.

The first case that will demand the
attention of the petit jury this week
is set for Friday when another whirl
will be taken at the damage suit of
Harry Gingers vs. the Hinde Dauch-
paper mill of Delphos.

In Probate Court.

Anna and George Stenager, minor
children of Charles Beam, a gunner, have
filed their second account.

Marriage Licenses.

Robert A. Cutler, 27, and Annie E.
Bernhold, 20, both of Lima,
Real Estate Transfers.

David Price to John Robinson, 85
acres in Marion township, \$9,850.

James M. Jacob to Richard Davis,
tract of land in Sugar Creek town-
ship \$850.

Get a free bottle Bells Cough Syrup,
Enterprise Drug store.

Frash who died at Hot Springs, S.
D. Sunday morning, are expected to
arrive here some time tomorrow
night. The funeral services will be
held Friday, but the hour has not yet
been determined.

TWO TRAINS Came Together at a Railroad Crossing.

The remains of Mrs. George B.
Frash who died at Hot Springs, S.
D. Sunday morning, are expected to
arrive here some time tomorrow
night. The funeral services will be
held Friday, but the hour has not yet
been determined.

ROBBER BAND Makes a Rich Haul on a Spanish Railway.

Plucky Mail Clerk Who Showed
Resistance, was Mortally
Wounded.

Irun Spain Oct. 21.—A band of rob-
bers entered a mail car of the Spanish
express last night and held up the
clerks. There was some resistance
and one of the clerks was mortally
wounded. The robbers secured
checks and money orders to the value
of \$400,000 and made good their es-
cape.

LOOKS DARK For Ex-Policeman Accused of Several Murders.

& Currier Co. 211-217 west High
street.

A TREE SOCIAL.

On Wednesday October 23, a social
will be given by the ladies of Spring
street Lutheran church at the cozy
new home of Mrs. Prevost, No. 326
south McDonald street. This will be
a "Tree" social. Come and see what
it is.

The Whitney & Currier Co., 211-217
west High street, sell Knabe pianos.

Pure Salad Oil.

NO CORN OIL IN THIS
IT'S PURE OLIVE OIL

It doesn't seem to be generally
known that oil is extracted from olives
snipped to Latin and Spanish coun-
tries used as adulteration in Oil
and reshipped to this and other
countries as Olive Oil.

We have on hand a choice of
Pure Olive Oil—we offer it to you
PURE because we have tested it
found it to be so—nothing but
Olive Oil. We offer it at a low
Money back if not satisfied with
it.

Remember we handle the pure
spices and the richest flavoring ex-
tracts.
